PROBATE NOTES FOR DEPARTMENT 5 – NOVEMBER 23, 2026

1. **Conservatorship of Gracelynn Maria Kleier (PR12410)**
   This matter is before the Court for hearing on the 2nd year annual accounting for conservatee's estate. No accounting has been filed as of 11/17/26. If an accounting is filed prior to the hearing date, no appearance will be necessary.

2. **Conservatorship of Jacob Fowles (PR12409)**
   This matter is before the court for Conservator's 2-year accounting for Conservatee's estate. Previously, on 10-16-26, the Court approved the conservatorship and set it for hearing in two years with this hearing set only for accounting. No accounting has yet been filed as of 11/17/26. If the accounting is filed and approved prior to the next court date, no appearance will be required.

3. **Conservatorship of Margaret Villasenor (PR9919)**
   This matter is before the Court for Conservator's 4th accounting for Conservatee's estate. Previously, on 10-5-26, the Court approved the conservatorship pursuant to Probate Code section 1850 and set it for hearing in two years with this hearing set for an accounting. No accounting has yet been filed as of 11/17/26.

   The matter is also set for Conservator's request to appoint counsel. The Court did not find any motion for appointment of counsel in the file, but Petitioner did file a request to instructions regarding payment of Martha Stayer's attorney consultation fees. When that matter was previously before the Court, the Court noted that it could not decide that issue without an accounting. If the accounting is filed, the Court will review Conservatee's finances and determine how much, if any, of Ms. Stayer's attorneys fees should be refunded from the Conservatee's estate. To aid the Court in this determination, the court requests that the Conservator file with a declaration a copy of the attorney bills so that it can determine whether the bills can properly be reimbursed. To the extent that Conservator has an extant petition for appointment of counsel pending, the Court will address that petition at this hearing.

4. **Conservatorship of Marian Moyle-Armbright (PR10119)**
   This matter was set for hearing on the Court's OSC re sanctions for Conservator's failure to file a death certificate and Notice of Conservatee's Death (Judicial Counsel form GC-399). To date, no death certificate or form GC-399 has been filed. If these are filed before hearing on this matter, the Court intends to discharge the OSC and vacate the hearing, and no appearance will be required.
